On March 31, 2008, United States Magistrate Judge William A. Knox recommended that plaintiff's motion for summary judgment and motions for preliminary injunctive relief be denied. Judge Knox further recommended that the motion of CMS defendants Vickers, Hardman, Sulltrop and Swartz to dismiss be denied. The parties were advised they could file written exceptions to the recommendation, pursuant to 28 U.S.C. § 636(b)(1)(C).

The issues raised in plaintiff's exceptions were adequately addressed in the report and recommendation.
